

LEADERSHIP FOR INCLUSION

A Five-Part Inquiry Series with Shelley Moore

NEXWLÉLEXM (BOWEN ISLAND)

- The Islands Trust council acknowledges that the lands and waters that encompass the Islands Trust Area have been **home to Indigenous peoples** since **time immemorial** and honours the **rich history, stewardship, and cultural heritage** that embody this place we all call home.
- The Islands Trust council is committed to establishing and maintaining mutually **respectful relationships** between Indigenous and non-Indigenous peoples. Islands Trust states a **commitment to Reconciliation** with the understanding that this commitment is a **long-term relationship-building and healing process**.
- The Islands Trust council will strive to **create opportunities for knowledge-sharing** and understanding as people come together to **preserve and protect** the special nature of the islands within the **Salish Sea**.

Virtual Participation Protocols

Chat Box

- Anytime! All the time!

Break Out Groups

- Popcorn conversations

Google Form

- The Quad

Padlet

- Inquiry Learning Statements

Break Out Groups – Popcorn

- In break out groups, everyone is a kernel
- You will have 3 minutes to pop – Everyone needs to pop!
- You pop by sharing a thought or a response, or asking a question to the group
- How can you support each other to make sure everyone pops in the time allowed?

QUAD questions

- A link will be shared with you that will take you to a google form
- Over the session you will prompted to respond to four questions with your team in a breakout group, one at a time
- One Google doc/ team
- You have until the end of the session to submit your responses

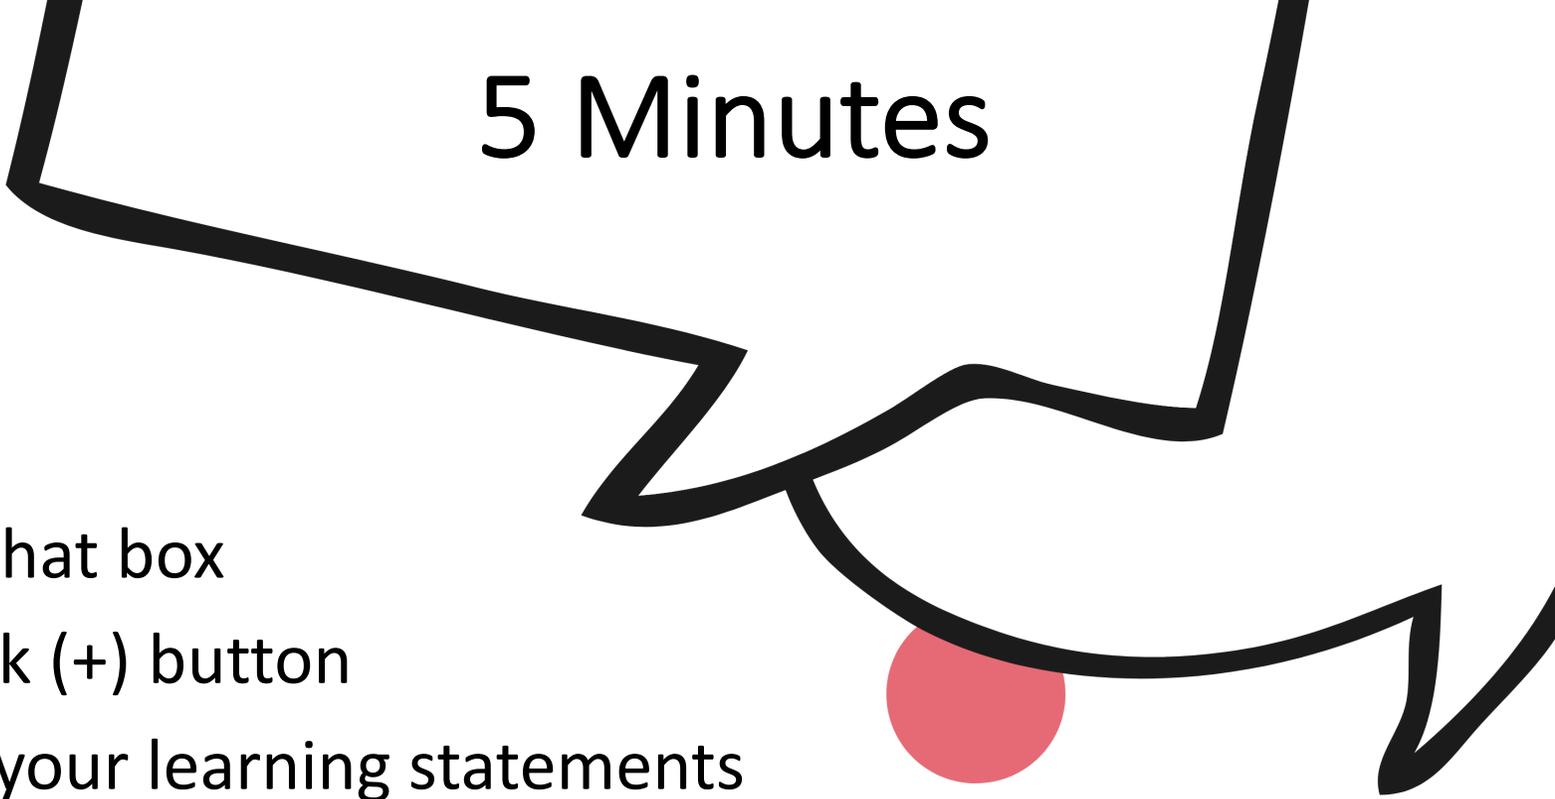

Q1: What is one action that your team has taken since the series started? What are you noticing?

Q2: Create 1 -2 learning statements about your team's inquiry so far

Our Inquiry Team Name

Q3: How are you collecting evidence of your learning?

Q4: Create 1 -2 inquiry actions statements describing what your team will try between now and next session

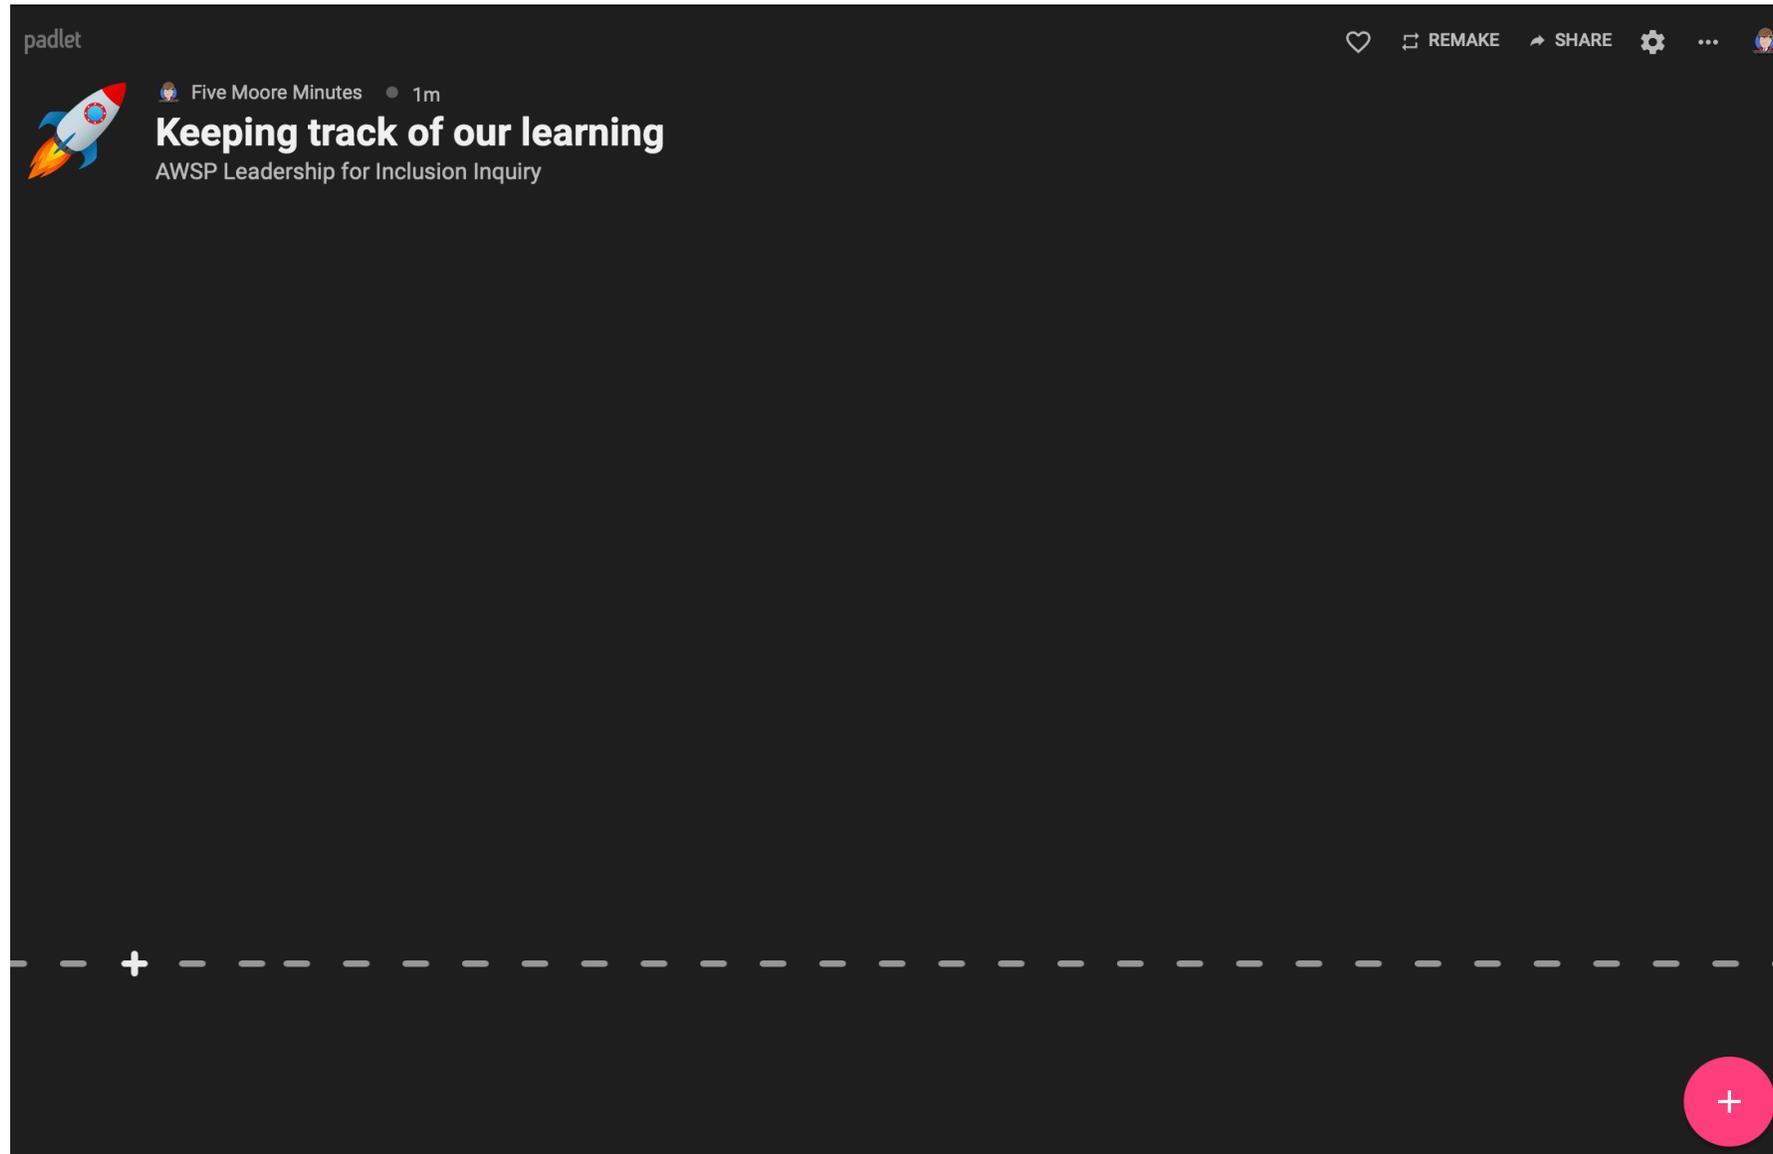

5 Minutes

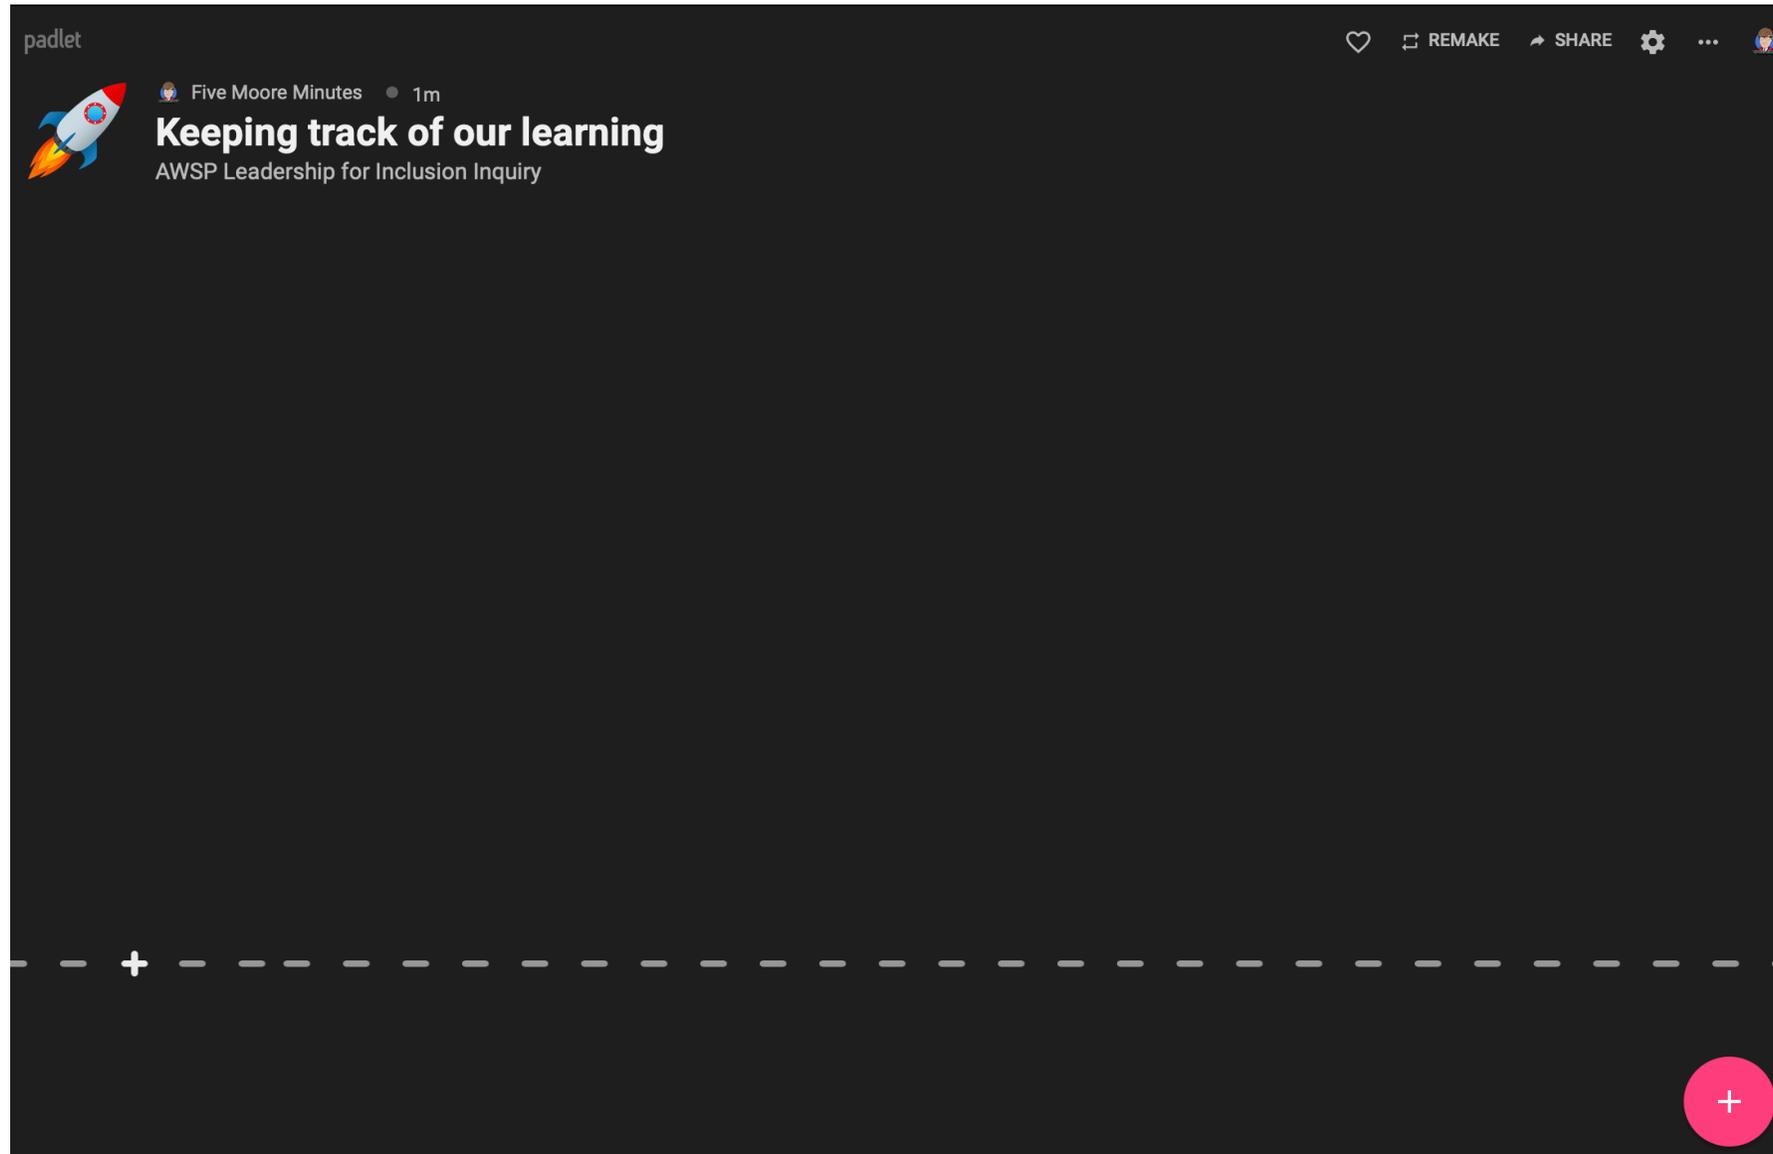

Padlet

1. Open the link sent in the chat box
2. As a team, click on the pink (+) button
3. Add your team name and your learning statements
4. Add evidence (photo, reflection, website, voice recording etc.) that supports your learning

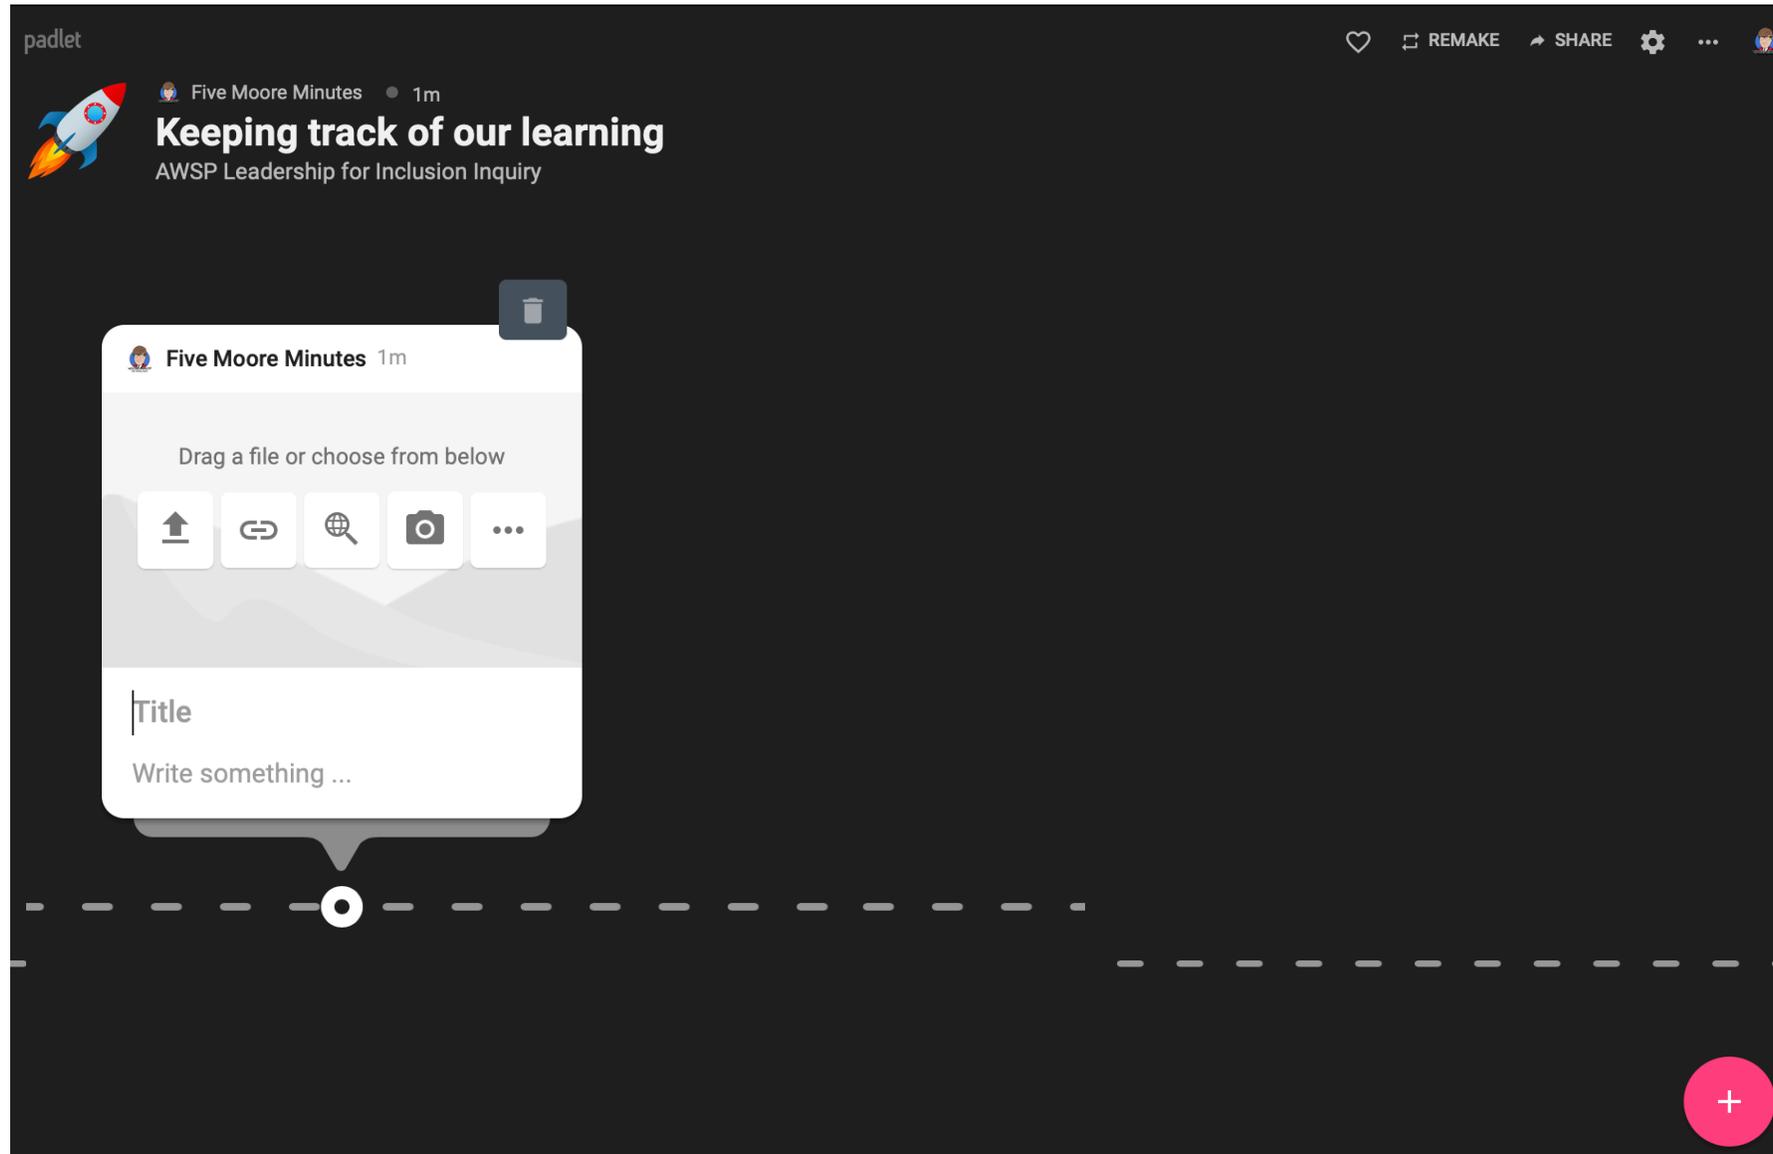

<https://padlet.com/fivemooreminutes/abn6w77y0fethhqp>

<https://padlet.com/fivemooreminutes/abn6w77y0fethhqp>

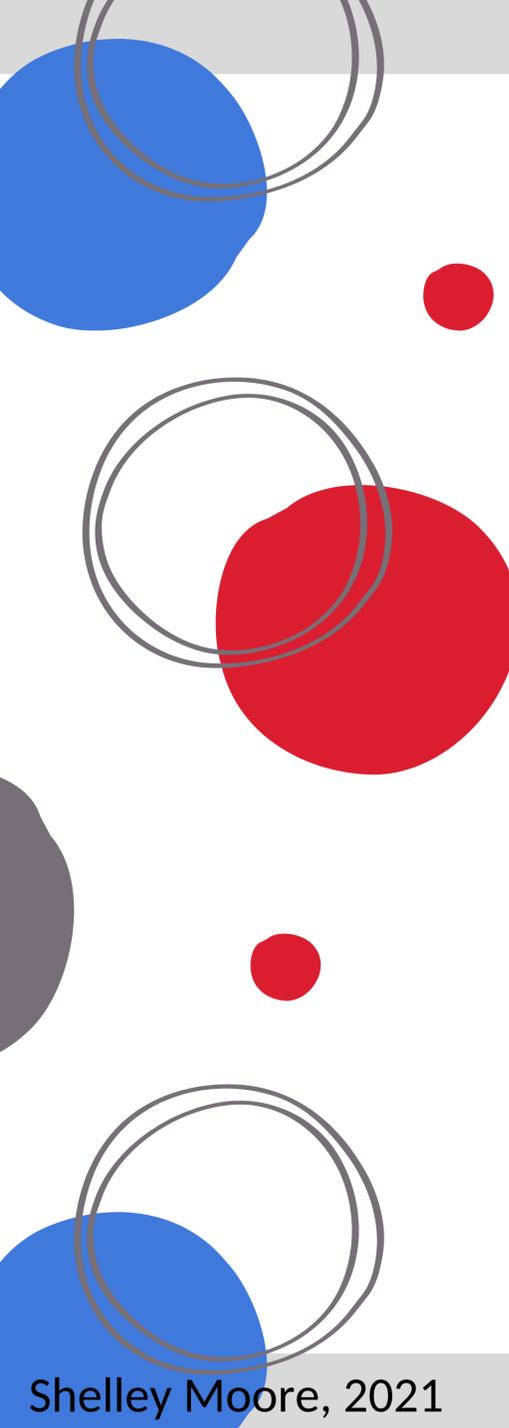

<https://padlet.com/fivemooreminutes/abn6w77y0fethhqp>

<https://padlet.com/fivemooreminutes/abn6w77y0fethhqp>

The image shows a screenshot of a Padlet board. At the top left, the word "padlet" is visible. The board is titled "Keeping track of our learning" and is attributed to "Five Moore Minutes" with a timestamp of "1m". Below the title is the subtitle "AWSP Leadership for Inclusion Inquiry". A rocket icon is positioned to the left of the title. The board features a single post from "Five Moore Minutes" posted "2m" ago. The post includes a colorful, abstract image of many small, multi-colored dots. Below the image, the text reads: "Team Name" followed by "I used to think that inclusion was just about including students with disabilities, now I think that it is responding to the diversity and identity of all students". The bottom of the board has a dashed line with a central circle and plus signs on either side, and a pink circular button with a white plus sign in the bottom right corner.

Our plan for today

- **Sharing Out**
- Quick Review
- P #2: The Importance of Place
- Next Steps & Action Plans
- Resources

Taking Action: Choose your Challenge

- Your team:

Everyone

- **Needs** watch the 5MM video (Feb 1.) and have a conversation with your team about your reflections
- **Must:** choose an article or a video from the resource list. As a team eat lunch together one day and have a discussion about what you are learning

Choose your challenge

- **Can:** choose another resource and talk to someone not on your team about what you are learning
- **Could:** to share a summary of what your team learned with your staff at a staff meeting or a professional development session
- **Can try** go and visit a specialized program or site and reflect on what you notice about what students can do
- **Have another idea?** Let me know in your google form

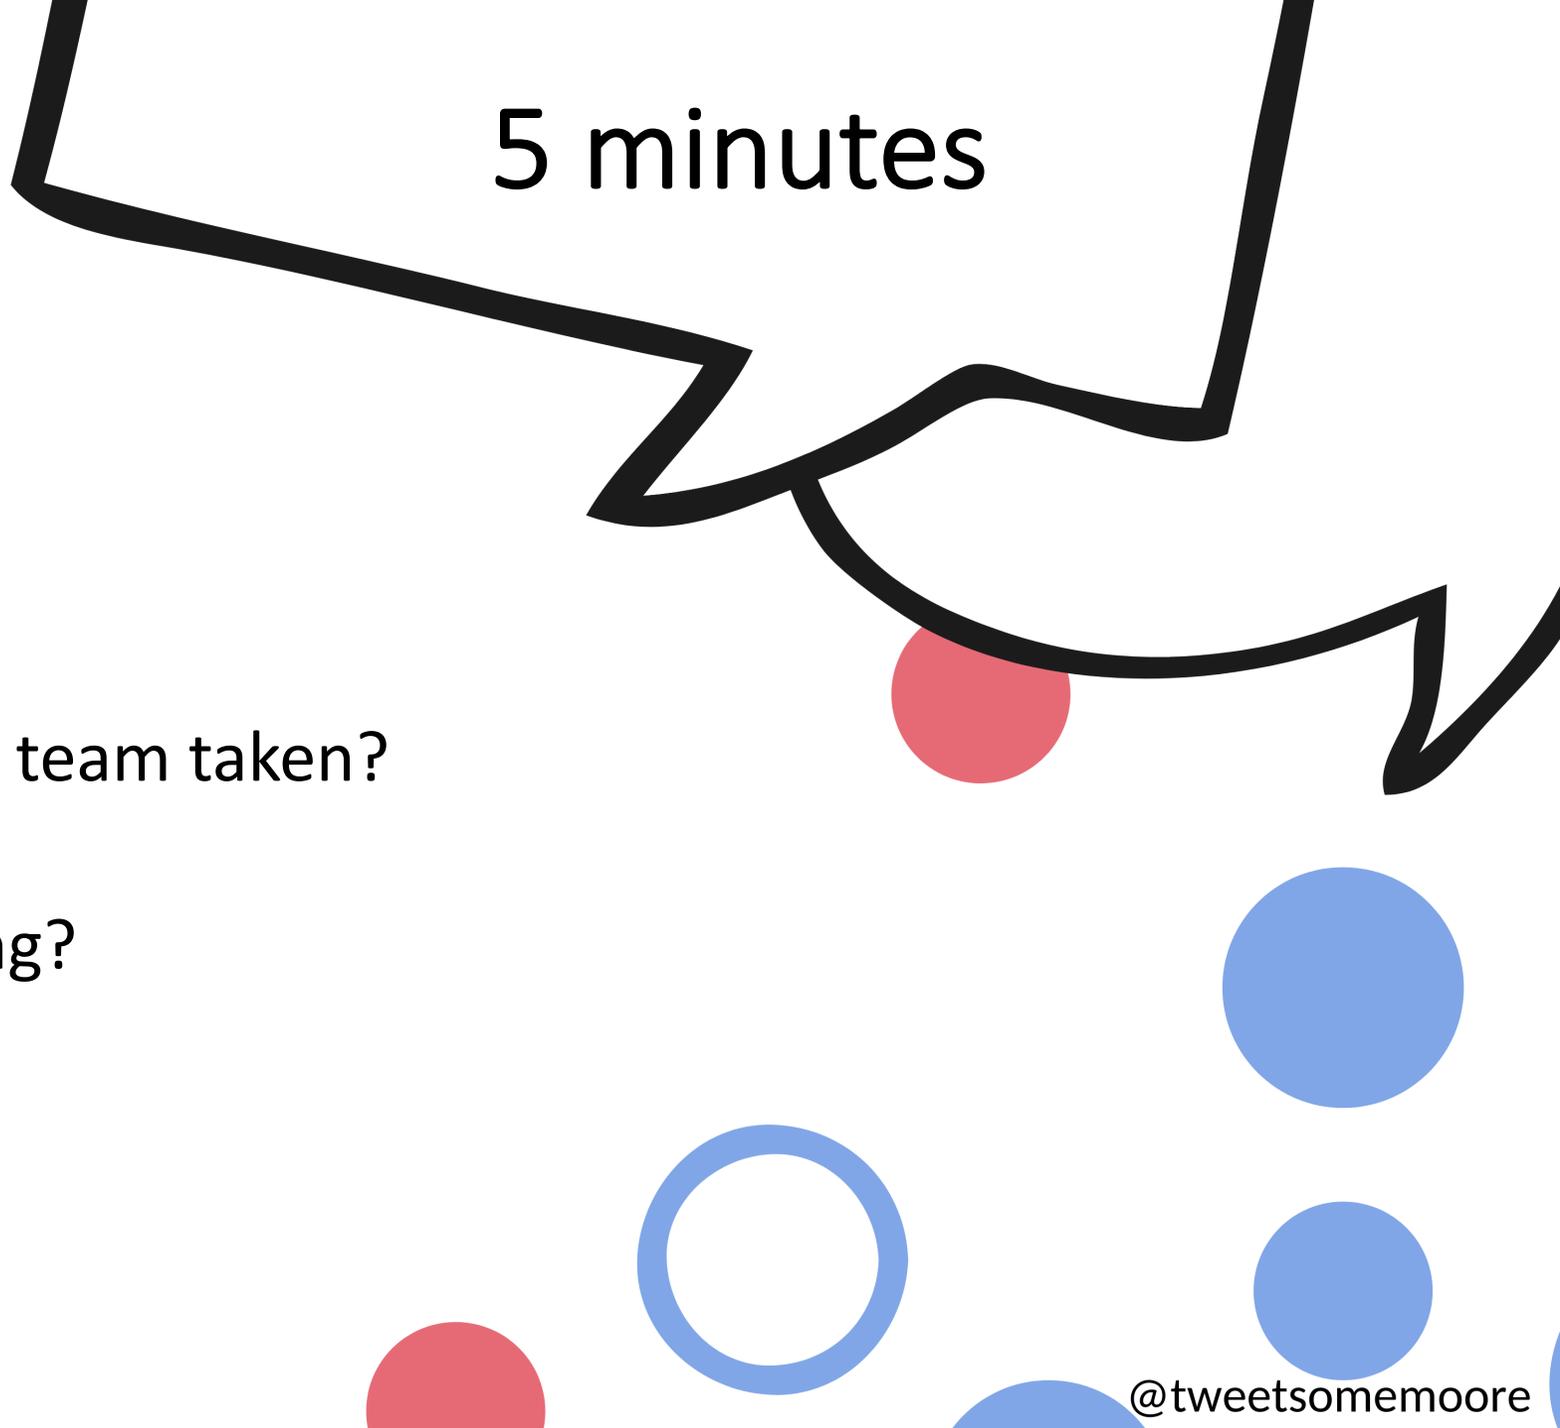

Sharing Out Step 1

As a team

- QUAD 1

- What action(s) has your team taken?
 - What did you try?
 - What are you noticing?

5 minutes

Q1: What is one action that your team has taken since the series started? What are you noticing?

Q2: Create 1 -2 learning statements about your team's inquiry so far

Our Inquiry Team Name

Q3: How are you collecting evidence of your learning?

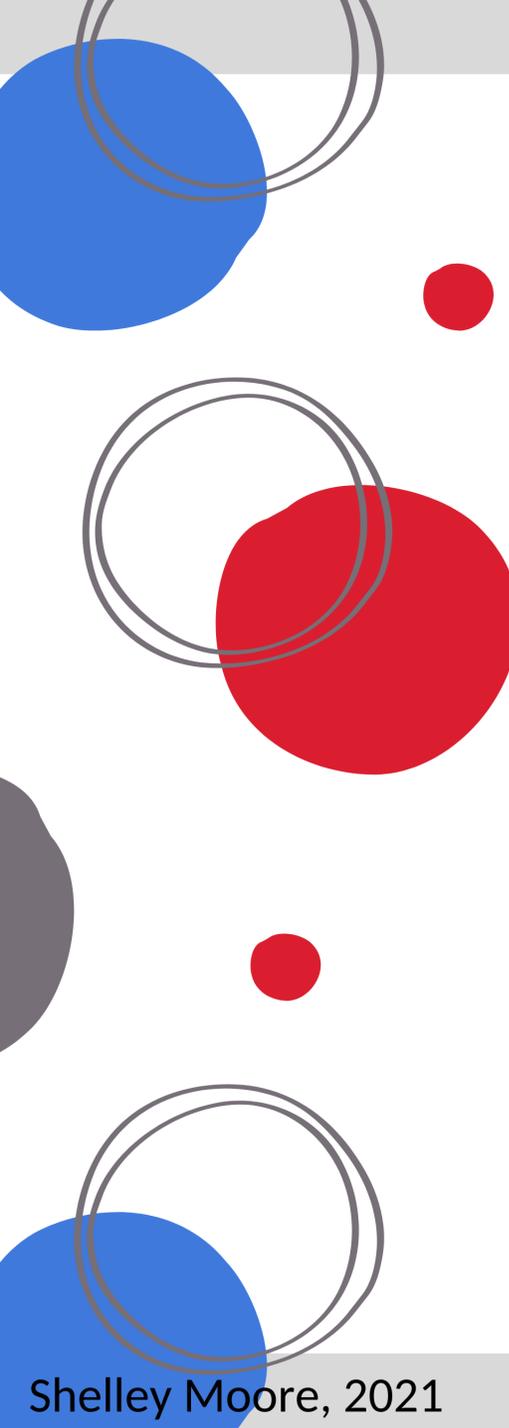

Q4: Create 1 -2 inquiry actions statements describing what your team will try between now and next session

Sharing Out Step 2

5 minutes

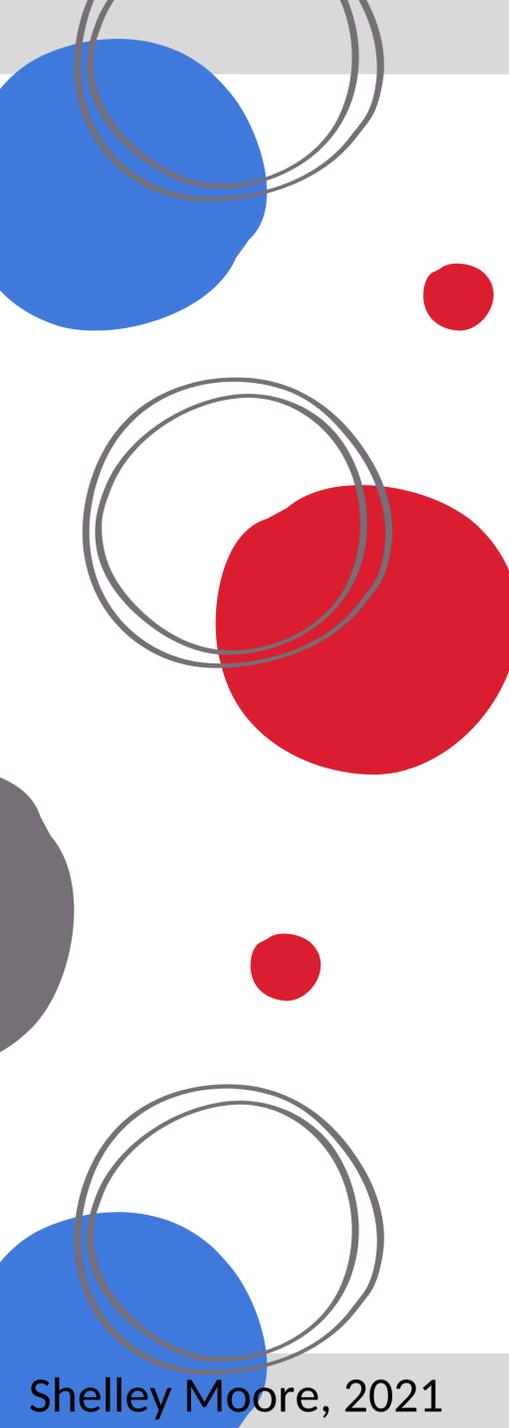

Joining with another team and share:

- What did you and/or your team try?
- What did you and/or your team notice?

What Infrastructure can
be put in place that will
make choosing
inclusion easier?

What does the Research Say?

1. Guiding conditions of inclusion describe that all students...

are presumed competent

are enrolled in and attending curricular classes

are in proximity to and participating in learning with peers

have purposeful roles and responsibilities

are planned for

2. Teacher professional development that...

supports collaboration and the changing roles of educators & support staff

is situated, ongoing and inquiry based

3. Systems frameworks that ...

support Universal Design for Learning

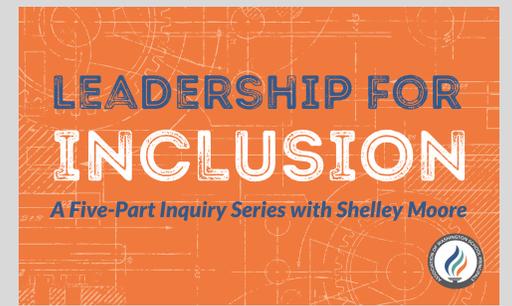

move away from a medical & deficit-based model of special education (IEPS)

School & District Infrastructure

Teacher & Staffing Infrastructure

Student Infrastructure

Every Month will focus on an infrastructural condition with supporting resources

**Presuming
Competence**

**Connecting to
Place**

**Proximity &
Participation
with Peers**

Purposeful

Shelley Moore, 2021

WHAT IS INCLUSION?

Where are you on this continuum? What's the next step?

Now What?!

- Understand **WHAT** Inclusion is....

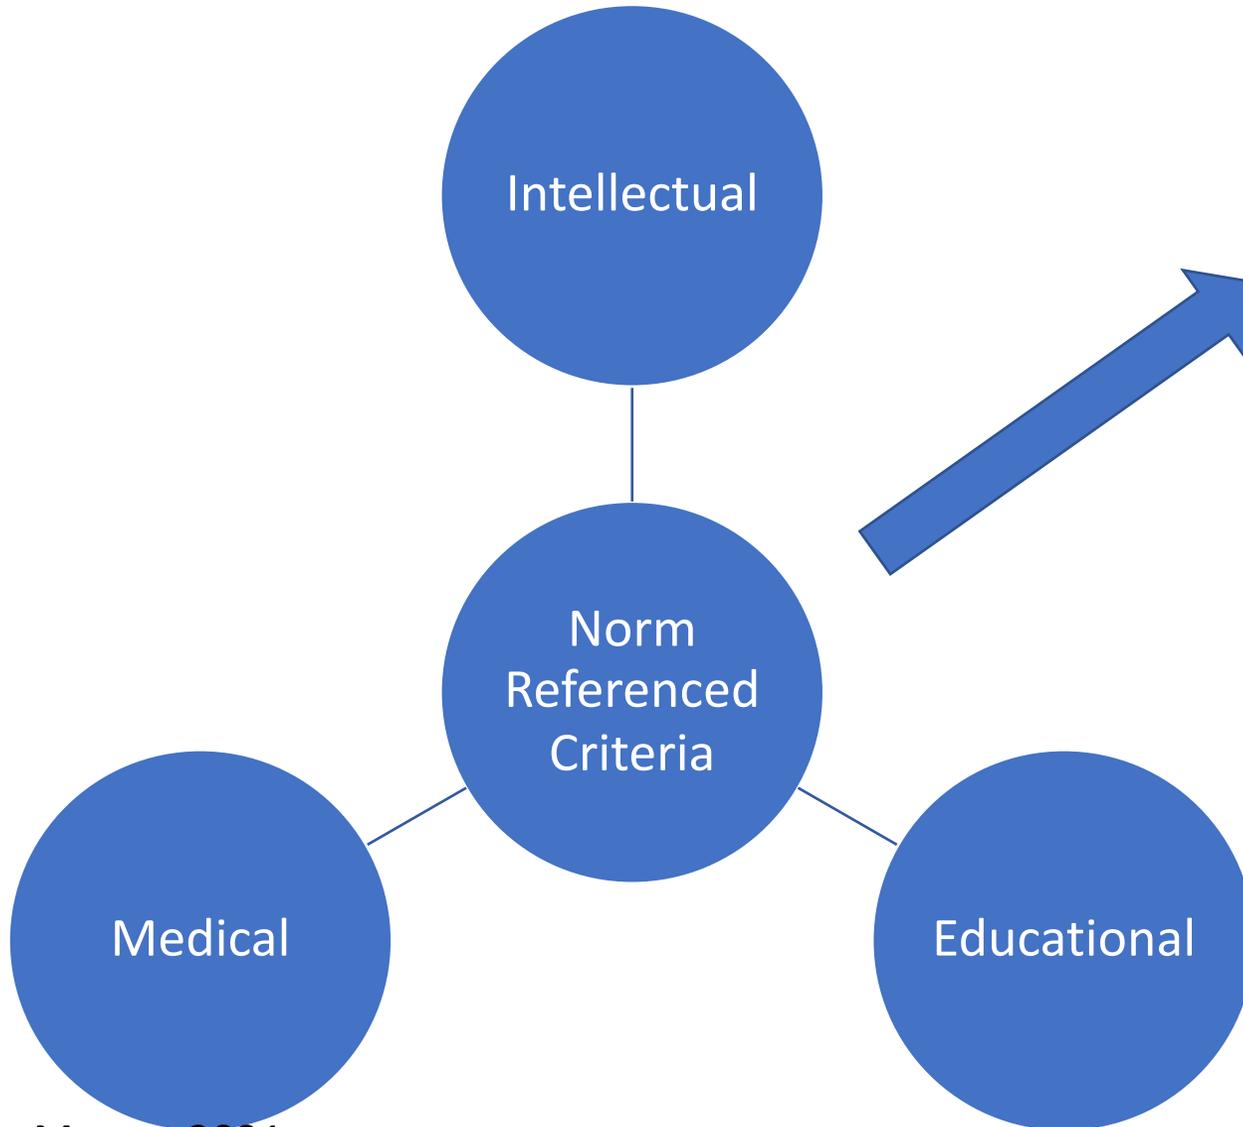

Understand **WHY** it is important...

How to we do it?

What do we think when we think of someone with a disability?

- Measure deficits, not strengths
- Capture responses verbally/ written/ physically

- If students can't express in the way being captured

- It leads to the perceptions that "they can't"

What happens when there is a perception that students “can’t”

We **assume** that students with disabilities **will not benefit** from being in **general education** classes

We **assume** that students with disabilities **are unable to learn** much curriculum

So we put students with disabilities into **programs outside** of the general education curriculum/classroom for the majority of their day learning “**life skills**”

Even if students are enrolled in a class, they are **still not often expected to access** the general education curriculum, and focus is placed on social and/or **behaviour skills aimed to normalize them**

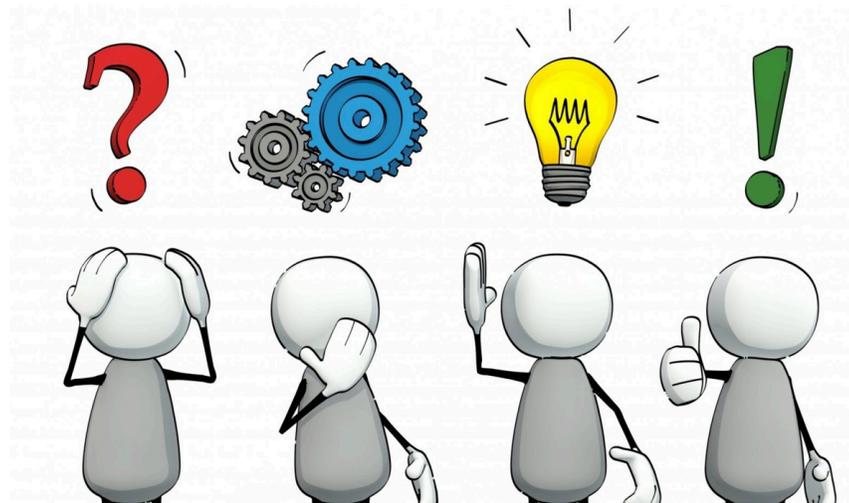

Students with and without disabilities **do not get** the opportunity **to learn with** and from **each other**

Teachers **do not get** to see what students with disabilities are **capable of**

Which would **lead to a shift in perception** in the competence of disability

Getty Images

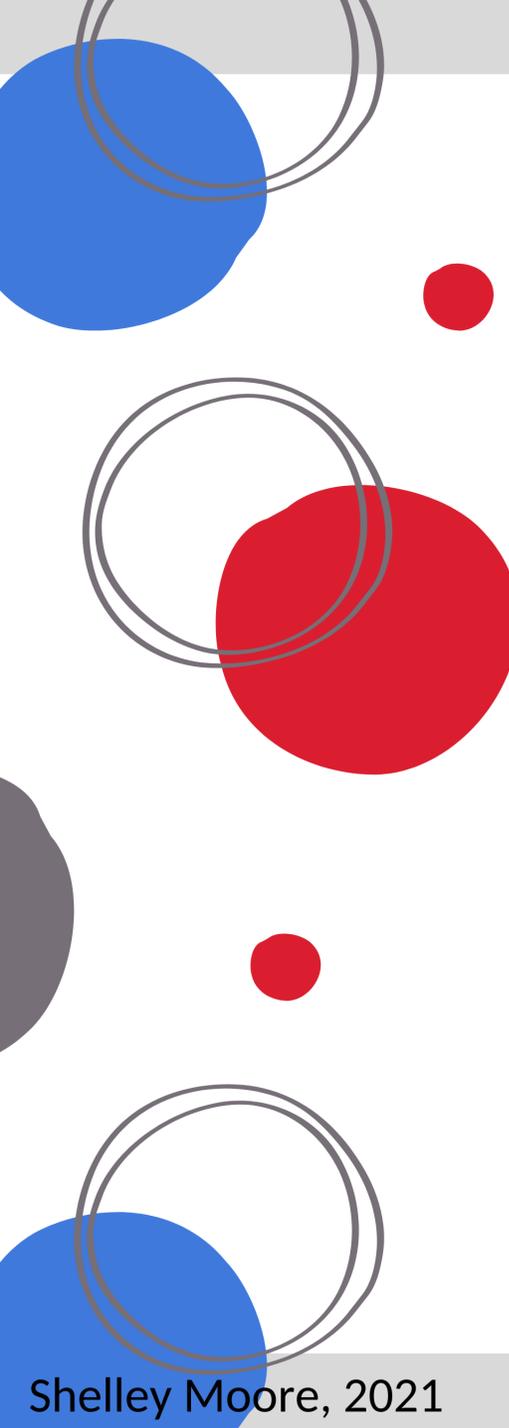

Why is Presuming Competence Important?

“Even if **we are wrong** about a students’ **capabilities** to learn general education curriculum with their peers, **the consequences** of that presumption **being wrong** are **not as dangerous** as the **alternative.**”

Cheryl Jorgenson

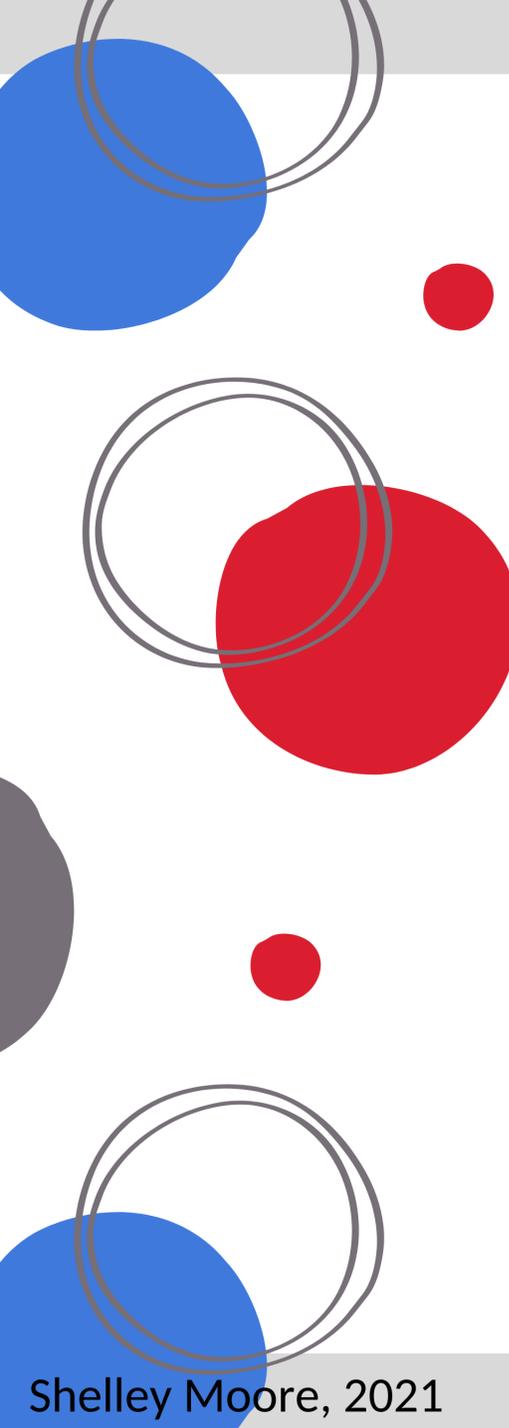

Presuming Protentional

“I thought I would explain that I will be using the term **presume potential** instead of presume competence. I will quote AAC specialist Kate Ahern as she does an amazing job of explaining that this small wording difference can change the outcome for many students. When we say presume competence people might give someone an AAC system and expect them to magically use it, without any real teaching. But when we say **presume potential** we don't give a pass to others, we are saying, like all people, this person has the capacity to learn and grow, they aren't static and they won't magically know how to do things they haven't learned or been taught. **Presume potential** puts the onus of teaching/learning on the teachers, therapists and caregivers instead of expecting the disabled individual to already know how to do things without education. **Presume potential** is inclusion in the expectation of learning we place on ALL people. **Presume potential** means we don't dismiss anyone because we think their diagnosis means they can't learn or because we think they are low. Instead we believe that just like all children and adults their brains are plastic and they have boundless potential with the right teaching, supports and high expectations.”

Our plan for today

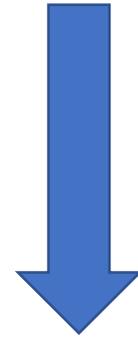

- Sharing Out
- Participation Protocols
- Quick Review
- **P #2: The Importance of Place**
- Next Steps & Action Plans
- Resources

- 
- What is the role of **place** in inclusive planning and infrastructure?

Why does **place** matter?

- Historically, Individual Education Plans (IEPs) have **not** been connected to **place** and have historically been implemented in **one place** (self contained or segregated setting)
- **Place** connects individuals to others who are in the **community** to learn with
- **Place** can have a role in teaching and learning
- **Place** can impact (and help navigate) barriers to learning
- **Place** connects to an **inclusive vision** – the more places an individual is included in, with belonging, the better!

Location vs. Place

Existence vs. Belonging

Place Based Planning

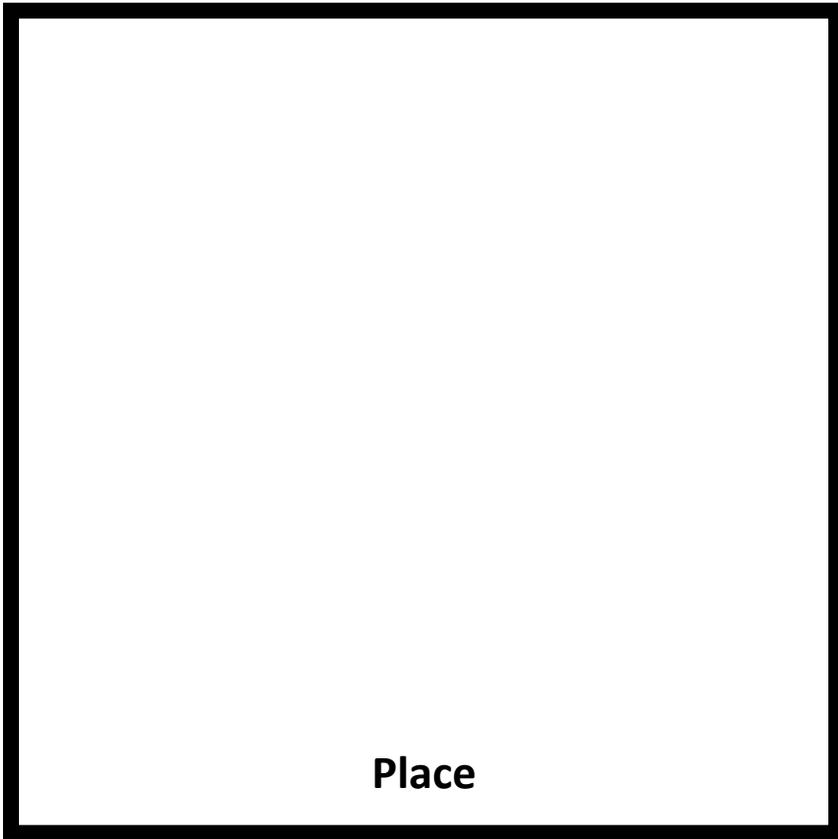

Understanding the Role of Place

A shift in thinking...

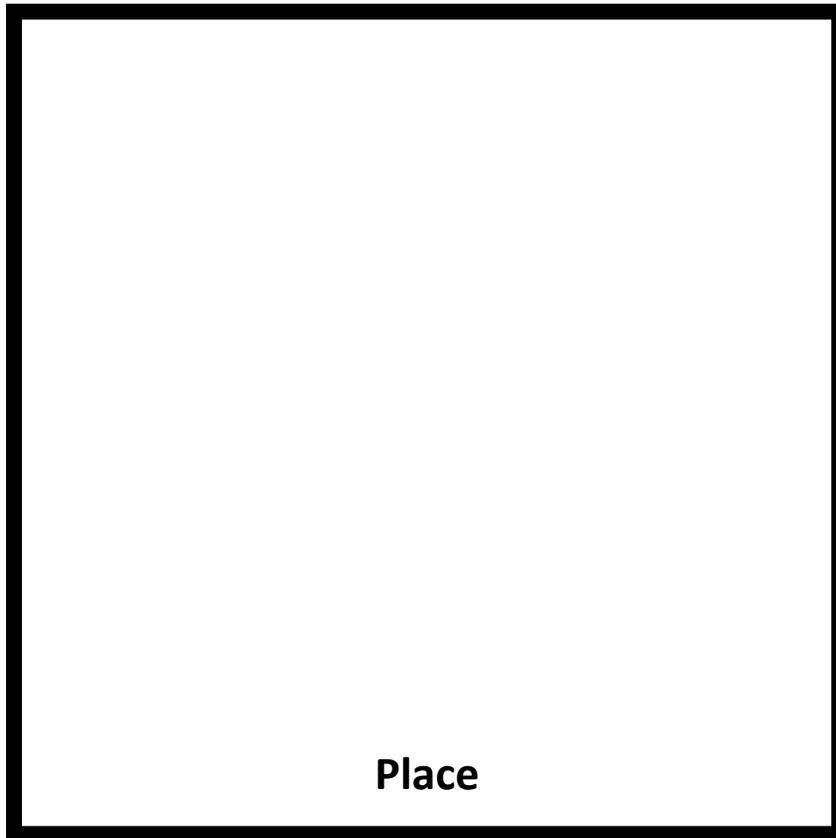

There are some things we need to understand:

- Understand the **thinking shift** for how we view **individuals with Disabilities**
- Understand the **role that a context** plays in **teaching** and in barriers that **limit individuals**
- Understand that the **less** a context is **limiting**, the **less support** an individual needs

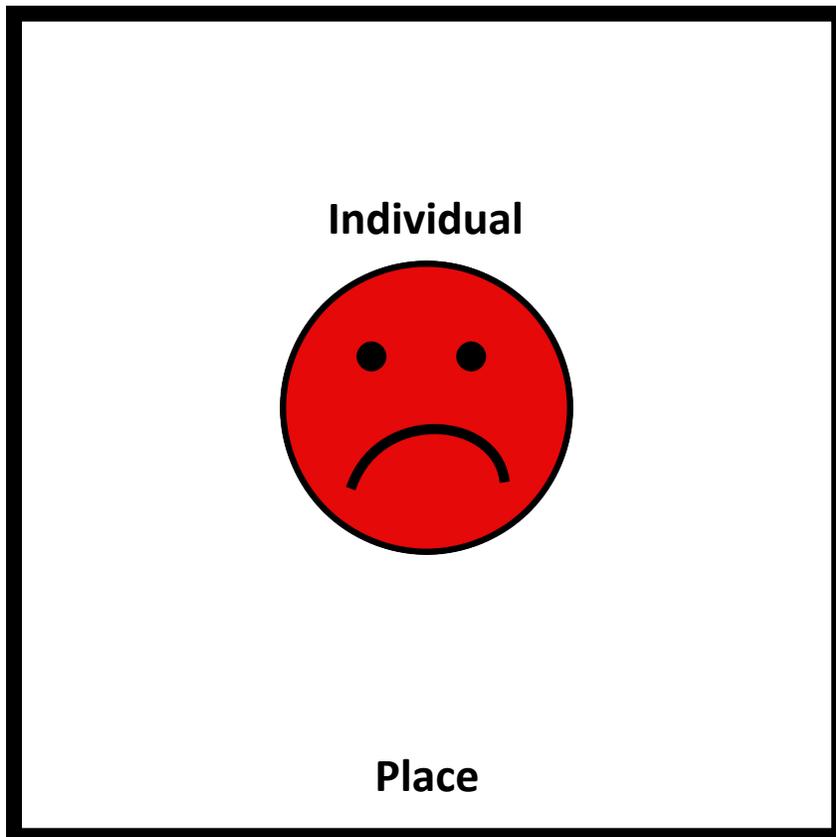

Place

Shifting the Paradigm: Medical Model of Disability

Place

Shifting the Paradigm: Medical Model of Disability

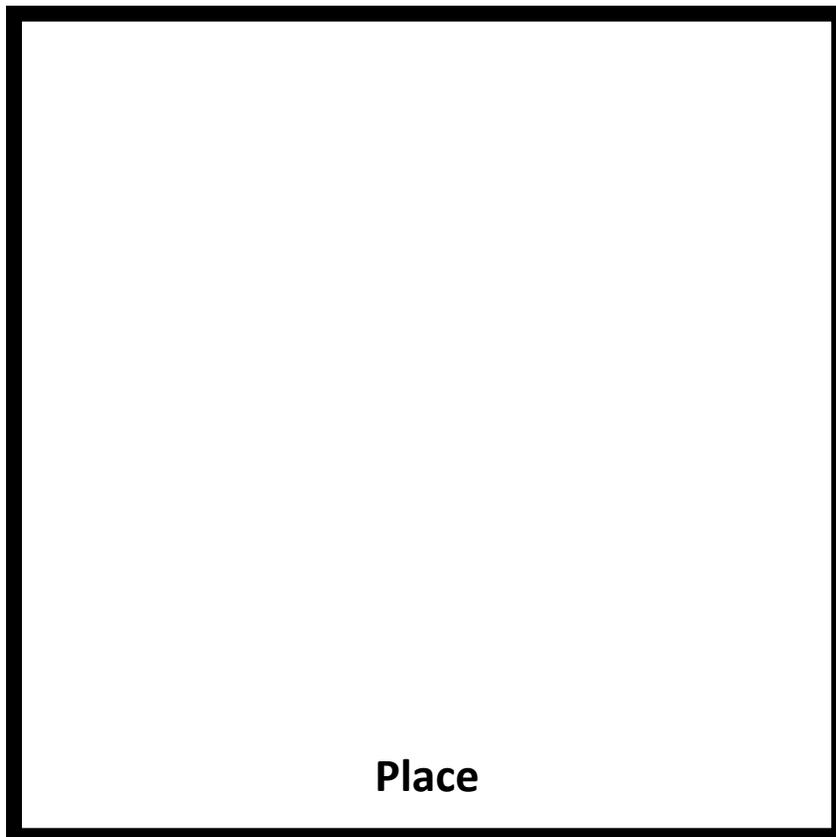

Special Education

If individual isn't successful

- Remove the individual
- Diagnose the problems in the individual
- Fix the individual
- Individual goes back when they are "ready"
- IEPs are separate from the place

- Universally apply supports and strategies to ALL

IEP

- Communicates barriers of individual
- Communicates needs of individual
- Communicates supports & strategies of individual
- Universally applied to everyone in the community
- Blueprint for the place!

Practice: Popcorn

What connections are you
making so far?

Medical Model Perspective: Fix the person

Individual not having success in a place: Shelley putting gas in her car in America

Deficit Model: Shelley can't fill up with gas

Shelley's IEP

S.M.A.R.T goal: Shelley will fill up her car with gas with 90 % accuracy by June 2021 by:

Objective: choosing an individual strategy to help her fill up with gas

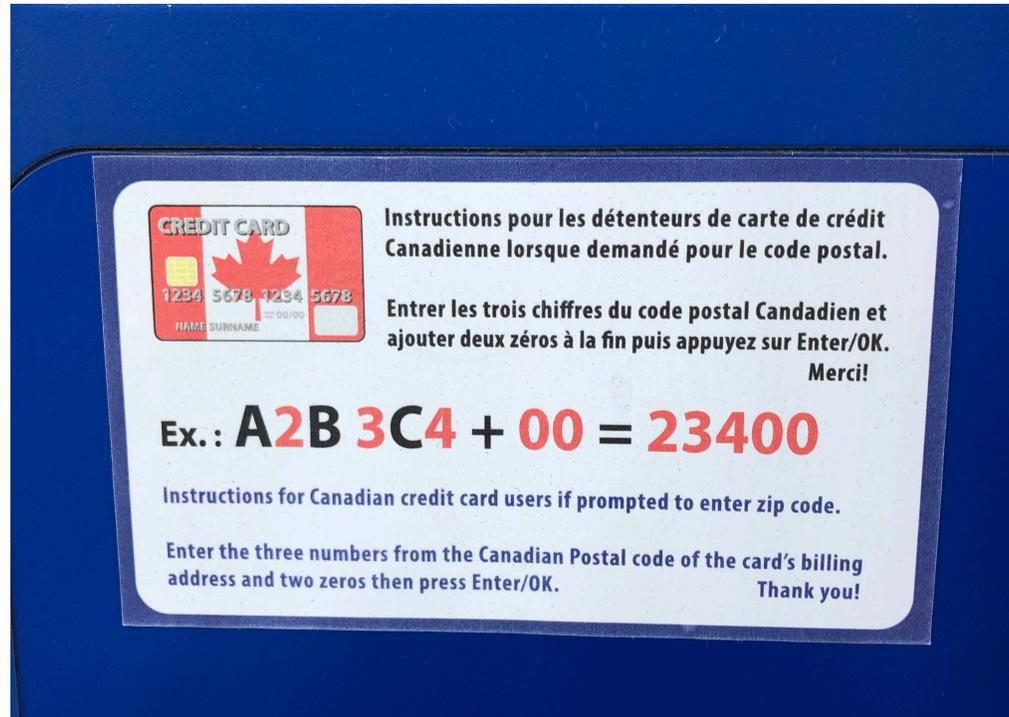

Individual Strategies: have extra cash on hand, extra time to fill up, extra room on my credit card, emotional regulation for anger, extra money for airport fill up, try 90210

Person- Place Model of Need

What is the barrier?!

What is getting in the way in the place?

Why can't Shelley fill up with gas?

Fixing the Deficit vs. Removing the Barrier

Person-Place Perspective: Reduce barriers in place, respond to needs of individual

Place: America

Barrier: Gas tank needs a Zip code to pay with a credit card

Shelley's need: Shelley is Canadian and has a postal code

Shelley's IEP

Goal: Shelley can fill up her car with gas by:

Objective: turning her postal code into a zip code

Universal Strategy: Sticker

Individual Supports & Strategies: None

What are the **barriers** in a community?

(What is getting in the way that is outside of a student control?)

What are the **needs** of the individuals in a community?

(Needs not disabilities)

How do we **anticipate** supports & strategies needed for individuals in the community?

(Planned for before, not after)

How can we teach the supports & strategies so **ALL students** can access and choose?

(Accessing supports & strategies do not affect evaluation or grades)

Creating Learning Statements

- I used to think....

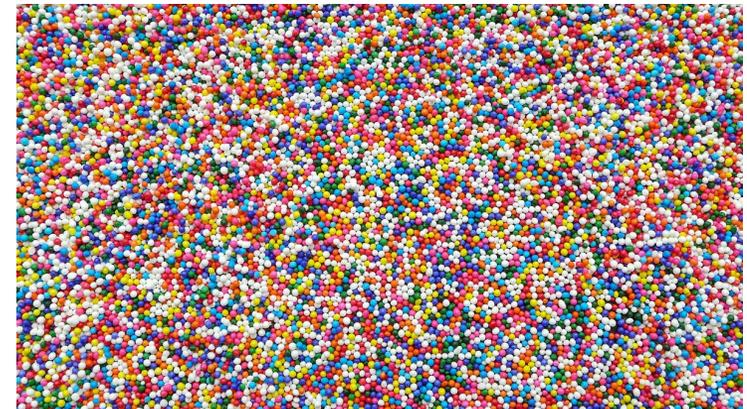

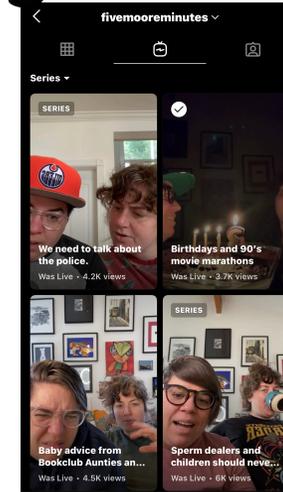

- But now....

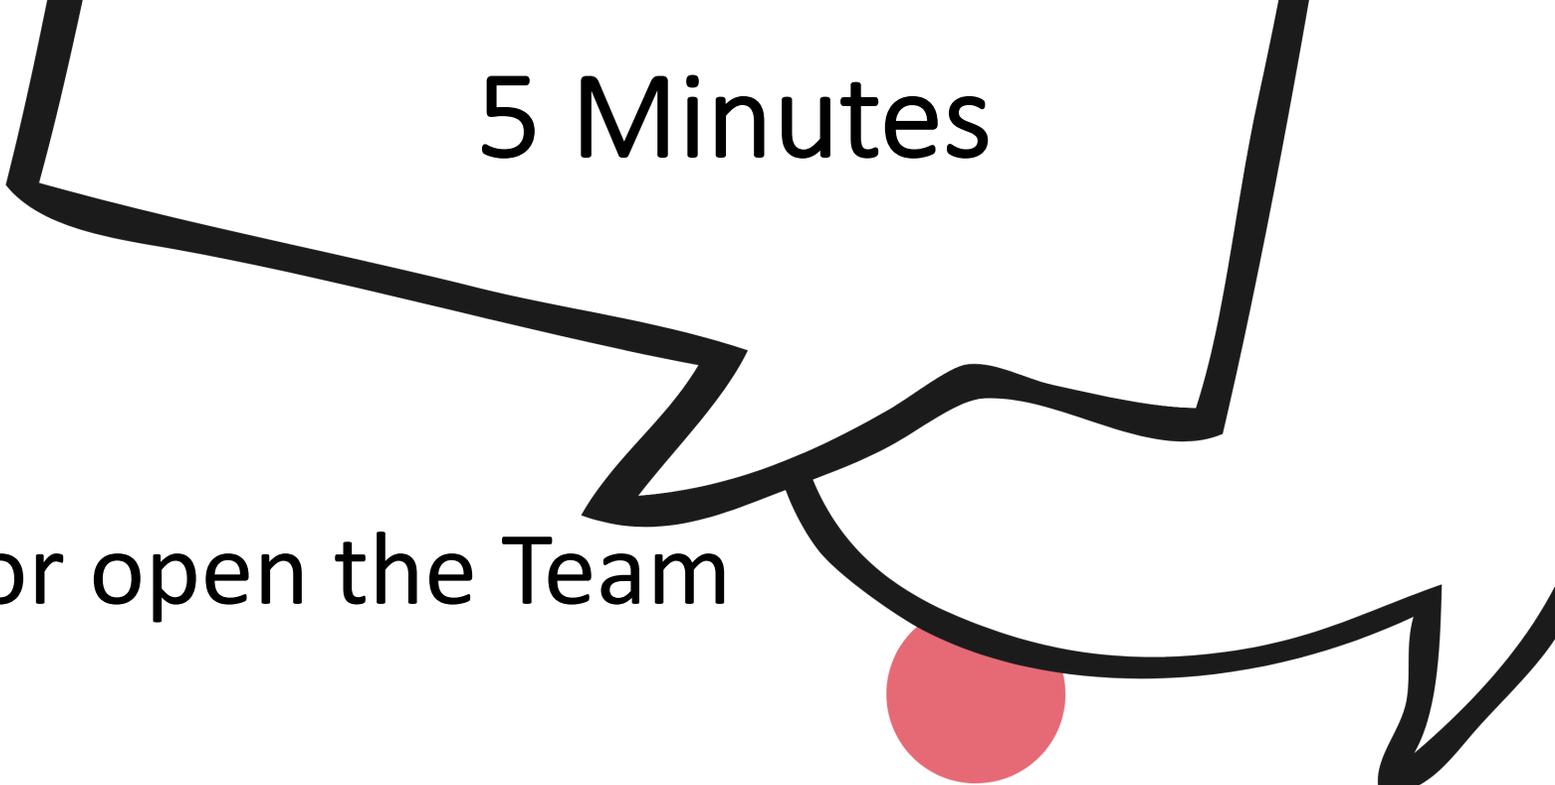

Creating Learning Statements - Examples

- **I used to think that** community could not be created in virtual learning spaces. **But now I think** that when we create opportunities for engagement and connection, community can be built anywhere!
- **I used to think** that inclusion meant making a plan to include a student with a disability into a general education classroom. **But now I think** that inclusion means making a plan to respond to the diversity of all students but creating a safe place for students to identify and increase the places where they feel like they belong

Evidence of learning: What artifact can represent your learning - Examples

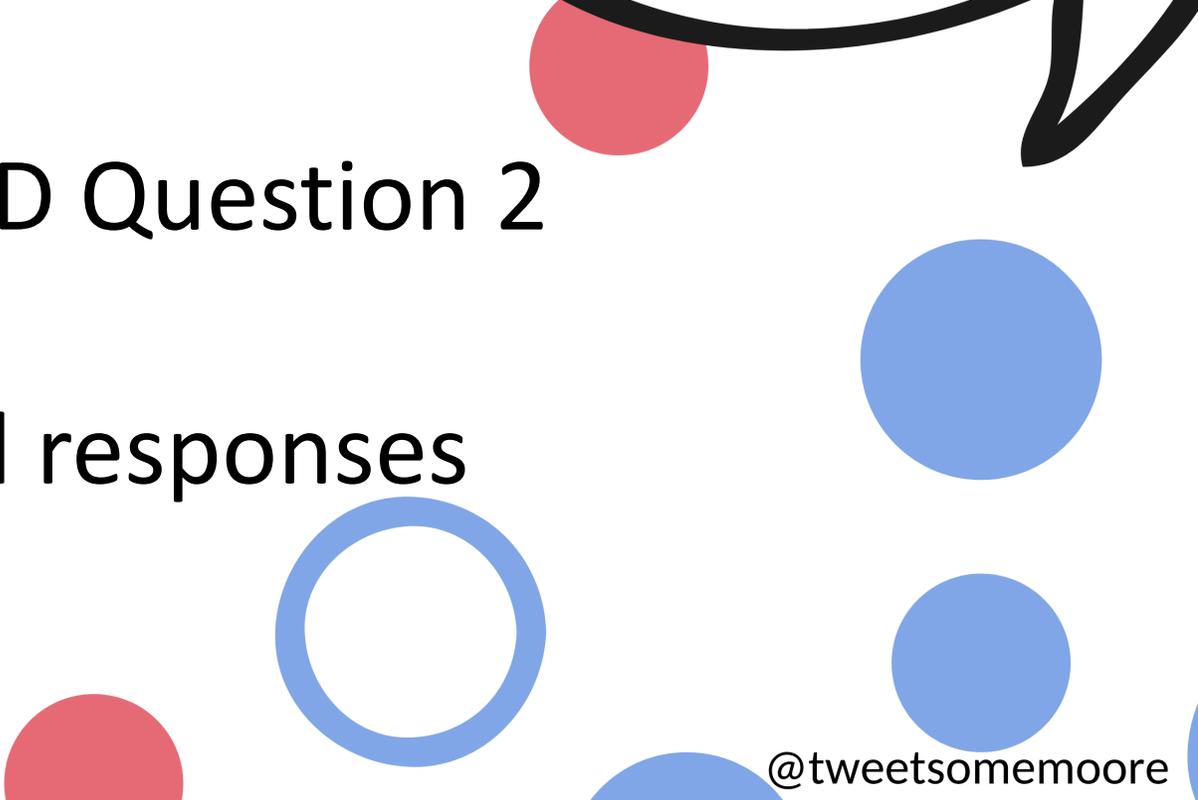

- **I used to think that** community could not be created in virtual learning spaces. **But now I think** that when we create opportunities for engagement and connection, community can be built anywhere!
- **I used to think** that inclusion meant making a plan to include a student with a disability into a general education classroom. **But now I think** that inclusion means making a plan to respond to the diversity of all students but creating a safe place for students to identify and increase the places where they feel like they belong.

5 Minutes

QUAD 2 & 3

1. Have the Connector open the Team Google Form
 2. As a team respond to QUAD Question 2 & 3
 3. Have the Connector record responses in Team Google Form
- 

Q1: What is one action that your team has taken since the series started? What are you noticing?

Q2: Create 1 -2 learning statements about your team's inquiry so far

Our Inquiry Team Name

Q3: How are you collecting evidence of your learning?

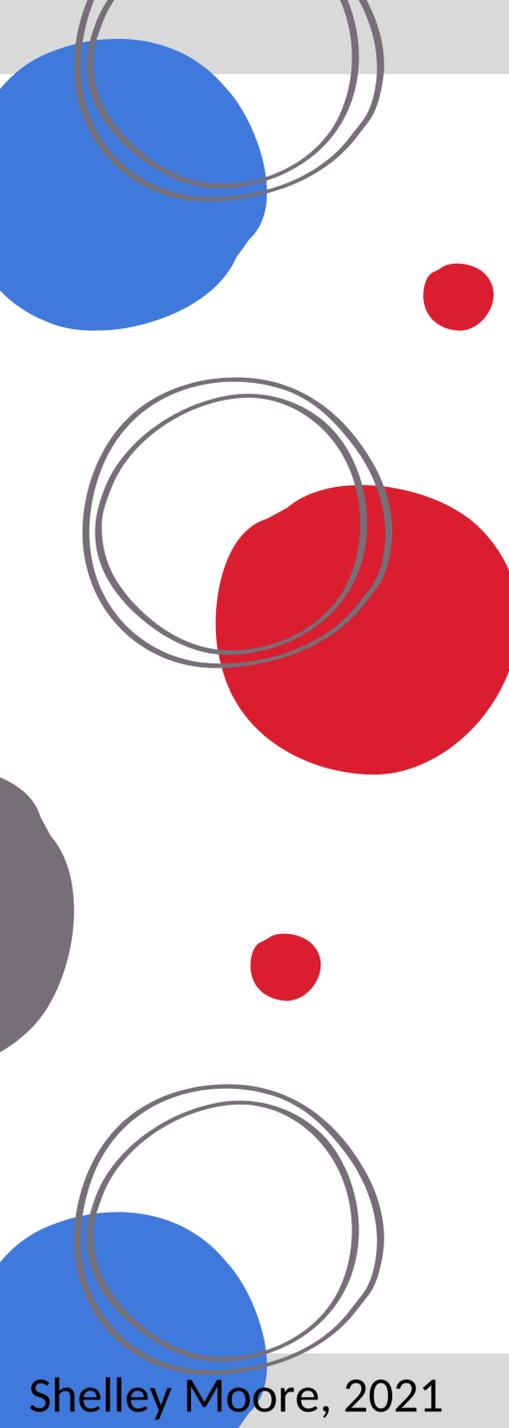

Q4: Create 1 -2 inquiry actions statements describing what your team will try between now and next session

Padlet – Sharing your learning

- Padlet
 - Add team name
 - Share learning statement(s)
 - Add one piece of evidence
 - Image, photo, reflection, website, audio recording, video, etc.
 - Padlet is private to our group

<https://padlet.com/fivemooreminutes/abn6w77y0fethhqp>

The image shows a screenshot of a Padlet board. At the top left, the word "padlet" is visible. The board is titled "Keeping track of our learning" and is created by "Five Moore Minutes" 1m ago. Below the title is the subtitle "AWSP Leadership for Inclusion Inquiry". A rocket icon is next to the title. The board contains one post from "Five Moore Minutes" 2m ago. The post features a colorful, abstract image of many small, multi-colored dots. Below the image is the text "Team Name" followed by a paragraph: "I used to think that inclusion was just about including students with disabilities, now I think that it is responding to the diversity and identity of all students". At the bottom of the board, there is a dashed line with a white circle in the center and a pink circular button with a white plus sign in the bottom right corner.

Helping to build a student profile

S. Moore, 2020 adapted from [Brownlie & Schnellert, 2011](#)

Help us get to know Juni!

Person	Identities	Interests	Strengths	Stretches	Needs
Your name _____ How do you know _____?	Who is Juni ? What words would you use to describe Juni ?	What is Juni interested in? What does Juni like to do on their own, with their family and friends?	What is Juni good at? What could Juni teach others?	What is hard for Juni but she can still do? What do you think is something Juni wants to get better at?	What does Juni need a lot of support with? What is something that Juni might not be able to do on his own yet?
Person 1: Rita Mom	Kind, Strong, Smart	Watching me sew, taking pictures with my phone	Patience, she notices everything, she's so observant	Waking up! Trying new foods	Calming down when she is upset or frustrated, sleeping, eating enough
Person 2: Frank Dad	An athlete, she's happy, but don't get her mad, we are Ukrainian!	Watch Great British Baking Show with her mom Watching salmon in the river, helping me bake	A great listener, being present	Independence, connecting	She worries I think, I wonder if her worrying gets her upset
Person 3: Kiran Friend	Nice, funny	BC Lions, playing with water, we go to the movies, we watched Star Wars	I dunno, we hangout and just talk and stuff	Maybe Juni wants to get better at football	I think Juni would love to talk more, but I think maybe she needs an iPad and that's ok to talk with too
Person 4: Matty Younger cousin	We play, funny	Whale Sharks, camping, swimming	She plays with me	Its hard for Juni to talk sometimes, but I know when she likes something, and she likes me	Maybe talking more

Help us get to know Juni!

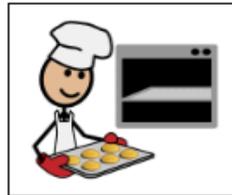

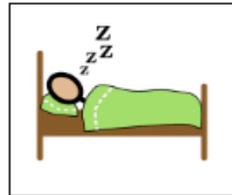

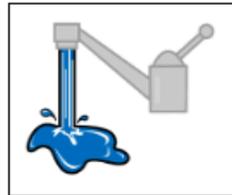

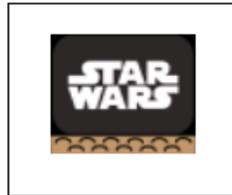

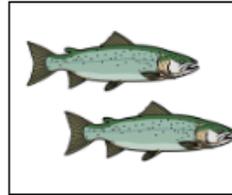

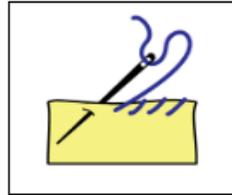

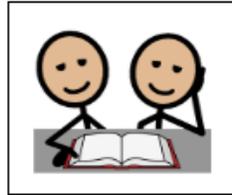

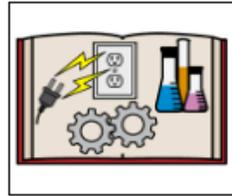

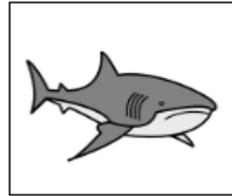

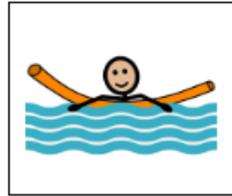

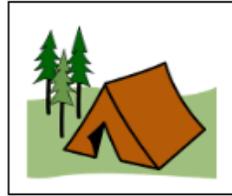

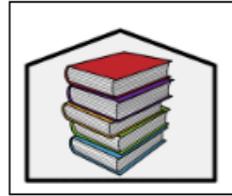

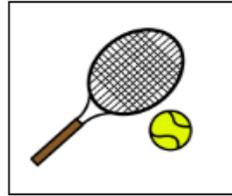

Person	Identities	Interests	Strengths	Stretches	Needs
Your name _____ How do you know _____?	Who is Juni ? What words would you use to describe Juni ?	What is Juni interested in? What does Juni like to do on her own, with her family and friends?	What is Juni good at? What could Juni teach others?	What is hard for Juni , but she can still do? What do you think is something Juni wants to get better at?	What does Juni need a lot of support with? What is something that Juni might not be able to do on her own yet?
Person 1: Mr. Lopez Teacher	Strong willed, smart, keen, a learner	Reading with her classmates, science topics	Being with her peers, she notices everything, asking for help	Communicating with her peers	Reading (decoding)
Person 1: Benny EA	Funny, a learner!	Taking naps/ resting, fashion – always well dressed	She knows what she likes, communicating when she's frustrated	Making friends	Fatigue
Person 3: Ms. Turner SLP	So joyful!	Sights and sounds around her	Making choices, using picture symbols	Using the iPad for augmentative communication	Support for her communication e.g. wants and needs, asking questions
Person 1: Jennifer Classmate	Happy, friendly	Dancing, playing tennis, camping	She's good at playing, and singing, she has great style- love her hair	talking	I'm not sure
Person 1: Bilal Classmate	Funny, sometimes she's mad and makes a lot of noise	Reading, laughing, video games	She's a good friend, She is special to me	Video games	Talking

Help us get to know Juni!

Place Based Planning the ICBIEP

Who are we in this **place**?

Strategy: Classroom Dimensions Inventory

- A way for classroom teams to collate responses from student Who am I? Profile
- Allows teams to find patterns and anticipate needs of the community

Classroom Dimensions Inventory

Class:		Teacher			Date:	
Student	Identities	Interests	Strengths	Stretches	Needs	Supports

Subject:		Grade:		Year:		
Student	Interests	Strengths	Stretches	Supports Needed		
				Behavioural	Social/ Emotional	Curricular
1. Tamina YYY YYY Gifted	Piano, rugby	Visual, logical, mathematical, learning style, critical thinking, inferencing, language skills, mathematical skills	Leadership skills, opportunities to integrate learning from various disciplines, using critical thinking skills across the curriculum			
2. Rosa Mendes T TT Emotional/behavioural	Reading, music	Reading, auditory memory skills, visual learner, auditory learner	Self advocacy skills, attention skills, self regulatory skills	✓	✓	
3. Triple H H HH Autism	P.E. (individual games; badminton), drawing	Visual learner, gross motor skills, attention skills, attention to topics and activities of interest	Self regulatory skills, augmentative communication skills, daily living skills, functional literacy and numeracy skills, personal care		✓	✓
4. Sheamus L LL Developmental disability	Computers, presentations	Oral language, gross motor skills, kinaesthetic/tactile, social skills with adults, basic computational skills	Reading skills, processing speed, abstract reasoning, organizational skills, personal care/self help skills, visual and memory skills	✓	✓	✓
5. Primo Z ZZ Learning Disability	Computers, P.E. (track)	Mathematical skills, computer keyboarding skills, gross motor skills, oral communication	Self advocacy skills, organizational skills, attention skills, social skills, writing skills		✓	✓
6. Alexa Bliss I II Intellectual Disability	P.E.(soccer), Likes to be the group leader	Kinaesthetic/tactile learner, self advocacy skills, visual learner, gross motor skills	Problem solving skills, reading and writing skills, mathematical skills, research skills, oral language skills			✓

6. Alexa Bliss I II Intellectual Disability	P.E.(soccer), Likes to be the group leader	Kinaesthetic/tactile learner, self advocacy skills, visual learner, gross motor skills	Problem solving skills, reading and writing skills, mathematical skills, research skills, oral language skills			✓
7. AJ Styles ADHD	Art, P.E. (dodgeball)	Fine motor skills	Attention skills, behavioural skills	✓		
8. Brock Lesnar	Reading, running	At grade level, gross motor skills				
9. Bubba Ray Dudley	Polo, pottery	Visual/kinaesthetic learner	Expressing ideas		✓	
10. Fandango	Puzzles, singing	Fine motor skills, performing	Expressing ideas			✓
11. Stardust	Cosplaying, taxidermy	Interacting with others, performing, fine motor skills	Math - numeracy			✓
12. Nature Boy Ric Flair	Acting, wrestling	Performing, presentations, gross motor skills	Accessing prior knowledge			
13. Heath Slater	Ice skating, quilting	Fine motor skills, gross motor skills, performing	Reading			
14. John Cena	Sky diving, hunting	Gross motor skills, courage				
15. The Rock	Origami, geocaching	Fine motor skills, map skills	Self Regulation	✓		
16. R-Truth	Photography, martial arts	Gross motor skills, creative, self regulation	Writing, reading			
17. Titus O'Neill	Card collecting, baseball	Gross motor skills, organization	Communication Penicillin Allergy			
18. The Undertaker	Pokemon Go, sculpting	Patience, perseverance	Staying on task			
19. Alicia Fox	Reading, astronomy	Attentive, reading skills	Difficulty communicating thoughts/feelings		✓	
20. Becky Lynch	Gongoozling	Patience, individual tasks	Isolated/whispers/no friends		✓	
21. Nikki Bella	Laser tag, disc golf	Gross motor skills,	Communication skills,		✓	

Taking Action: Choose your Challenge

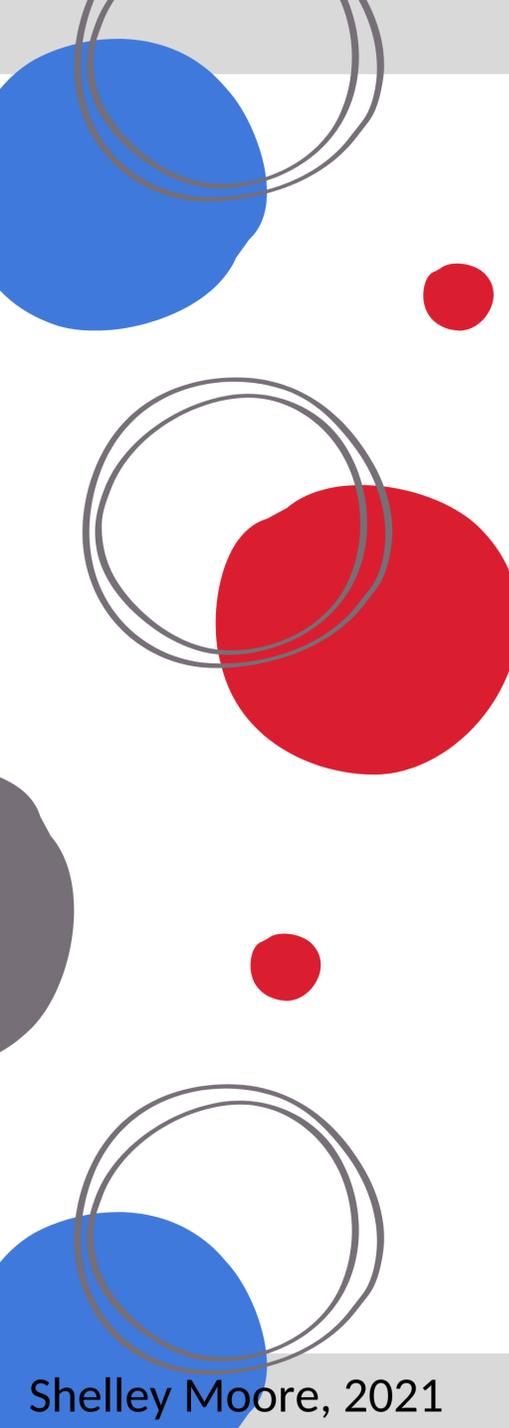

- Your team:

Everyone

- **Needs** watch the 5MM video (March 1.) and have a conversation with your team about your reflections
- **Must:** choose an article or a video from the resource list. As a team eat lunch together one day and have a discussion about what you are learning

Choose your challenge

- **Can:** to construct a place-based strategy with a school team (i.e. Place Alignment planner, Who am I? Profile, Classroom Inventory)
- **Could:** choose another resource and talk to someone not on your team about what you are learning
- **Can try:** to share a summary of what your team learned with your staff at a staff meeting or a professional development session
- **Have another idea?** Let me know in your google form

Inquiry Action Statements

How can we _____ by _____,
(goal) (actions)

And we will try to capture our learning by _____.
(evidence)

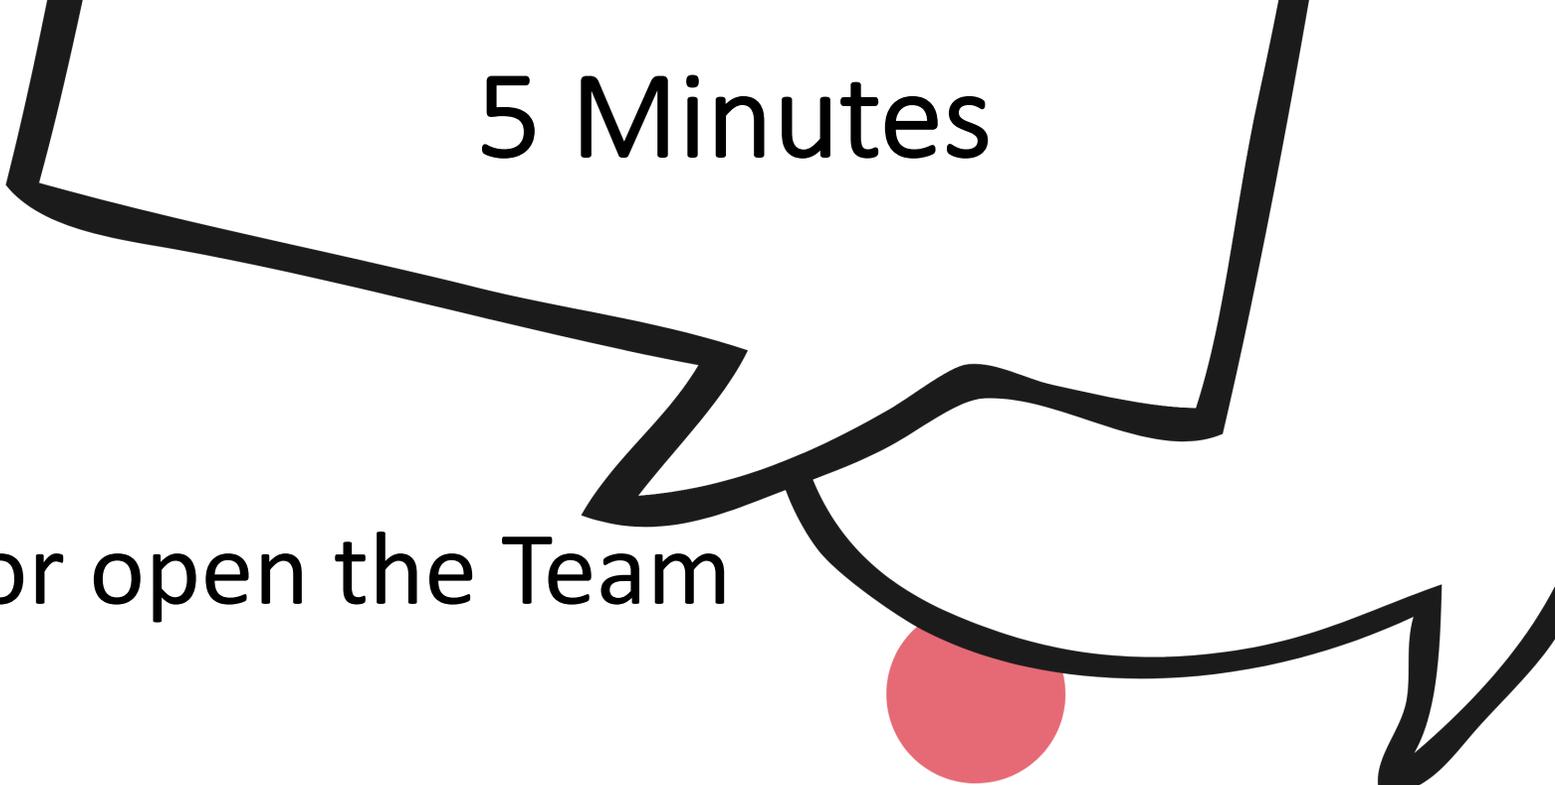

Example

How can we **move forward in our inclusive journey** by **reviewing our current school structures** and we will try to capture our learning by **making a list of the strengths and stretches of our context?**

Goal

Action

Evidence

5 Minutes

QUAD 4

1. Have the Connector open the Team Google Form
 2. As a team respond to QUAD Question 4
 3. Have the Connector record responses in Team Google Form
- 

The Quad: Session 2 – 5 Minutes

Q1: What is one action that your team has taken since the series started? What are you noticing?

Q2: Create 1 -2 learning statements about your team's inquiry so far

Our Inquiry Team Name

Q3: How are you collecting evidence of your learning?

Q4: Create 1 -2 inquiry actions statements describing what your team will try between now and next session

Example

How can we **build capacity in our school** by **sharing our learning with others** and we will try to capture our learning by **taking a picture of us meeting with a new teacher or group of teachers?**

Goal

Action

Evidence

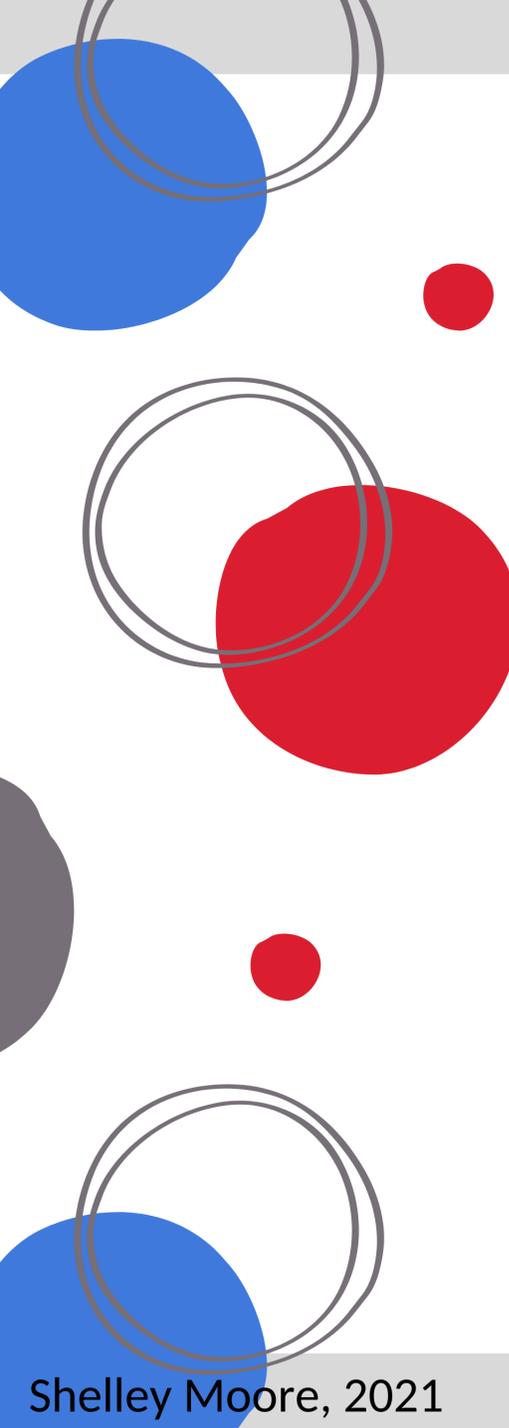

Example

How can we **challenge our biases and assumptions** by **visiting a specialized classroom or program** and **noticing what students can do** and **reading an article about presuming competence** and we will try to capture our learning by **writing a reflection about what I noticed?**

Goal

Action

Evidence

Our plan for today

- Sharing Out
- Participation Protocols
- Quick Review
- P #2: The Importance of Place
- Next Steps & Action Plans

- Wagner, M., Newman, L., Cameto, R., & Levine, P. (2006). The Academic Achievement and Functional Performance of Youth with Disabilities. A Report from the National Longitudinal Transition Study-2 (NLTS2). NCSER 2006-3000. *Online Submission*.
- Yell, M. L. (1995). Least restrictive environment, inclusion, and students with disabilities: A legal analysis. *The Journal of Special Education*, 28(4), 389-404.

For Next Session

1. Bring the evidence of what you tried!

Next Session

1. Guiding conditions of inclusion describe that all students...

are presumed competent

are enrolled in and attending curricular classes

are in proximity to and participating in learning with peers

have purposeful roles and responsibilities

are planned for

2. Teacher professional development that...

supports collaboration and the changing roles of educators & support staff

is situated, ongoing and inquiry based

3. Systems frameworks that ...

support Universal Design for Learning

move away from a medical & deficit-based model of special education (IEPS)

School & District Infrastructure

Teacher & Staffing Infrastructure

Student Infrastructure
